

# Colmore Partners is a UK Best Workplace for second year in a row

3rd September 2024

Midlands-based financial planning business, Colmore Partners has been recognised as one of the UK's Best Workplaces in Financial Services and Insurance™.

The organisation was named by [Great Place To Work](#)® UK among the 2024 list of organisations in the 'Small & Medium' category.

It's the second time Colmore Partners has gained recognition, after it made its way on to the Best Workplaces™ list in 2023. On both occasions, the accolade has been given due to the organisation's culture, as well as the strength of its internal communication, integrity and the behaviour of the leadership team.

Great Place To Work® UK determines the Best Workplaces™ list through anonymous employee surveys covering work-life balance, sense of fulfilment, job satisfaction, psychological safety and financial security.

According to the survey, 92% of Colmore Partners' employees say it is a great place to work, compared to 54% of employees at a typical company.

Simon Hout, Director and Head of Proposition at Colmore Partners, said: "We are thrilled to receive this highly prestigious accolade for a second time, as we have continued to invest in our people. Great people foster great culture, so this award win is testament to the entire team."

Benedict Gautrey, Managing Director of Great Place To Work® UK said: "The Best Workplaces in Financial Services and Insurance list is created using the anonymous feedback from employees working in the industry about their workplace experience. Benchmarking yourself against others in the industry, by surveying your people to understand how your culture compares to others, helps leaders not only make better informed decisions on areas for improvement, but also gives employers a data-based understanding of what aspects of their current offering makes them stand out, helping to build a more competitive employer brand. It's great to see so many examples of organisations making their workplaces truly 'great'."br>
